

Application No.: 10/814,324
Response to Interview with Examiner
Attorney Docket: WETCO-001B

REMARKS

The foregoing amendment and remarks which follow are responsive to the telephonic communication held between the Examiner and Applicants' counsel on Thursday, February 24, 2005. Pursuant to such conversation, the Examiner had proposed language to place the claims of the present application, as well as co-pending United States Patent Application Serial Number 10/754,797, in condition for allowance. Applicants' counsel had agreed to the proposed amendments and it was understood that such proposed changes would be made by Examiner's amendment.

Before being able to do so, however, the Examiner instructed Applicants' counsel to file the present Supplemental Amendment in order to cancel those claims drawn to the non-elected invention, and further to provide a statement that the present application had been co-owned with pending United States Patent Application Serial Number 10/754,797 at the time the invention was made. To that end, the present Supplemental Amendment seeks to address such issues and allow the amendments to the claims to be made to place the same in condition for allowance. Accordingly, Applicants respectfully submit that they have complied with the Examiner's requests and that the claims of the present application can be amended in order to place the same in condition for allowance. Early notice to that effect is respectfully requested.

To the extent the Examiner has any questions, requires additional information or has any suggestions to resolve any outstanding issues that may exist, he is invited to contact Applicants' counsel at the number listed below. Along these lines, Applicants' counsel would like to thank the Examiner for his very helpful comments and assistance in this matter.

Application No.: 10/814,324
Response to Interview with Examiner
